

Safety Newsletter

February 2026

In this issue you will find updates on:

The Safety Hub is Evolving, Chemical Curiosities, Radon Survey Update, Staying Safe in the Lab – Biological Samples, Racking and Shelving Guidance, Seasons Greetings from the Office Grinch, Nuclear Safeguards Regulations, Have you Prepared your Dept for Christmas, First Aid treatment of Phenol Burns, Eye Protection, Import of materials containing animal by-products or pathogens

The University Safety Office has published the [February 2026 Newsletter](#) – this is now accessed via the new [Safety Hub](#) (SharePoint Raven login required). The aim is to publish the newsletter quarterly with the contents covering relevant health and safety publications, Safety Office staff changes, and new or revised health and safety advice.

While primarily aimed at Departmental Safety Officers, Departmental Administrators and Heads of Departments, it will also be of interest and relevance to everyone.
